Excellence and Equity Board Policy**Definition of Equity in LBUSD:**

Equity in LBUSD means that we will take action to end systemic racism and discrimination that harms students because of their race, culture, disability, economic description, immigration status, gender identification, and/or sexual orientation. If LBUSD is acting upon this definition, then the descriptors listed above will not be predictors of success or failure in our system. Equity in LBUSD also means that we intentionally focus on BIPOC and students with disabilities as a way of centering our efforts and strengthening the educational experience that everyone receives.

Purpose of the Equity Policy:

The purpose of this policy is to establish a common foundation of equity that will be implemented throughout LBUSD. As an organization, we recognize and acknowledge our differences and we commit to authentic, continuous improvement. By design, this policy will establish a standard of humanity, compassion, sensitivity and respect as related to accessibility and care with high expectations for all staff, students, and families. Full implementation of this policy includes celebrating student's unique identities to include race, ethnicity, socio-economic status, disability, language background, foster youth, immigrant children, neurodiversity, religious beliefs, gender identification and/or sexual orientation.

As we center equity, it is important that we also hold responsibility for the ways in which K-12 educational institutions have participated or collaborated in the systemic oppression of Black, Indigenous, People of Color (BIPOC) students and those with disabilities. This policy creates a path forward through informed professional development and a focus on dismantling internal practices that are racist, oppressive and exclusive for specific individuals or groups of students. While this policy reflects our district values, it is designed with the recognition that our work around equity will be guided by the data that we gain through continued engagement with students and families. LBUSD commits to evolving as professional development continues.

Furthermore, as the deep work of anti-racism uncovers harmful biases not yet realized, we will grow as a system to meet the needs of our students. This policy reflects this moment in time. Adjustments will occur as needed as we learn more, analyze data differently, and make strides as a unified system. We view this document as a starting point and we expect to update this policy on an annual basis as we evolve in future work around equity.

Commitment to Equity as Defined Above:

LBUSD celebrates the unique gifts and cultural experiences that our students bring to school. In our schools, students shall be nurtured and treated with respect. All staff commit to practices that achieve equity in educational experiences for all students. Additionally, we commit to analyzing historical patterns of data through an equity lens to improve the experience of students who have not been served well in our system.

As we develop our own cultural competence, LBUSD will create an environment in which students' identities build connectedness to one another and honor individual's experiences. As a district, our ultimate goal is to produce graduates who become "college and career ready." (LBUSD Graduate Profile, 2018). We understand our students' success is a collaboration between home and school thus we aim to support all parents, families, and caregivers to eliminate any barrier caused by systemic racism, ableism, classism, sexism, and educational attainment. In doing so, we will

Programa de Liderazgo en Educación Pública

El Instituto de Verano PELP está diseñado para que un equipo de ocho miembros del personal del distrito aprendan y desarrollen su trabajo en base a un problema práctico estratégico que el distrito está tratando de abordar.

PELP involucra a grandes distritos escolares urbanos y equipa a los equipos con herramientas y conocimientos para formular una estrategia que eleva el rendimiento en todas las escuelas del distrito.

Desarrollo de un problema de práctica

• Problema de la Práctica #1: —————>

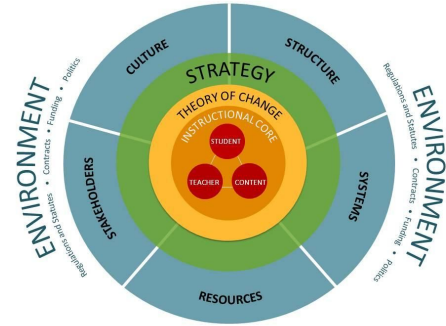

LBUSD busca erradicar el sesgo institucional y eliminar las disparidades en los resultados educativos.

Preguntas Focales: ¿Cómo podemos implementar la Política de Excelencia y Equidad con el compromiso de todos? ¿Cómo abordará el LBUSD las disparidades en la implementación de la Política de Excelencia y Equidad?

Problema de la Práctica #2:

El LBUSD tiene una comprensión y una demostración desiguales de la equidad y el acceso a valores, compromisos y expectativas alineados que conducen a prácticas inconsistentes y, en ocasiones, sesgadas en el aula, la escuela y el distrito que afectan negativamente las experiencias de aprendizaje, los resultados académicos y de SEL para los estudiantes de BIPOC y los estudiantes con discapacidades. y estudiantes en situación de pobreza.

El problema “final” de la práctica

LBUSD tiene una comprensión y una demostración desiguales de las prácticas culturalmente relevantes que conducen a prácticas inconsistentes y, en ocasiones, sesgadas en el aula y el distrito escolar.

Esto tiene un impacto abrumadoramente negativo en las experiencias de aprendizaje, los resultados del aprendizaje académico y socioemocional de los estudiantes negros.

Teoría de la acción
Si nosotros...

Crear propiedad colectiva y monitoreo de los logros y el bienestar de los estudiantes negros en LBUSD Construir, revisar y usar sistemas y protocolos existentes que refuercen las expectativas de instrucción básica de calidad (QCI) y prácticas culturalmente relevantes

Desarrollar herramientas para apoyar y monitorear prácticas culturalmente relevantes para proporcionar retroalimentación para aumentar la capacidad del personal.

Entonces... Los datos de los estudiantes afroamericanos del LBUSD (cualitativos/cuantitativos) reflejarán la eliminación de conductas y prácticas sesgadas que conducen a un crecimiento acelerado en lo académico y el aprendizaje socioemocional.

De modo que...

Cada estudiante negro tendrá sus identidades afirmadas, sus talentos cultivados, su alegría desatada, sus sueños realizados y su agencia realizada.

“La equidad en LBUSD significa que tomaremos medidas para terminar con el racismo y la discriminación sistémicos que dañan a los estudiantes debido a su raza, cultura, discapacidad, descripción económica, estado migratorio, identificación de género y/u orientación sexual. Si LBUSD está actuando sobre esta definición, entonces los descriptores enumerados anteriormente no serán predictores de éxito o fracaso en nuestro sistema. La equidad en LBUSD también significa que nos enfocamos intencionalmente en BIPOC y los estudiantes con discapacidades como una forma de centrar nuestros esfuerzos y fortalecer la experiencia educativa que todos reciben”.
